Training Report

Training	:	ANSYS Workbench Software for Mechanical Engineering
Organized by	:	Department Of Mechanical Engineering
Date	:	10 Aug 2020 to 14 Aug 2020
Time	:	01:00PM to 04.00 PM
No. Of Students	:	93

Vision

To empower engineers and professionals worldwide with advanced simulation knowledge and skills, enabling them to drive innovation, optimize design processes, and solve complex engineering challenges through the effective use of ANSYS software.

Mission

To deliver comprehensive, high-quality training programs that enhance proficiency in ANSYS simulation tools, foster practical understanding of advanced analysis techniques, and support the professional growth of individuals. Our mission is to facilitate the development of robust, efficient, and cost-effective engineering solutions by providing learners with the expertise needed to utilize ANSYS software to its fullest potential.

TRAINING REPORT

Training on: “**Auto CAD**” Software for the Student of Mechanical Engineering

Organized By: Department Of Mechanical Engineering

Date: 08th to 12th February 2021

Time: 1:00 PM to 4:00 PM

No of Students: **95**

Vision:

To empower Mechanical Engineering students with the expertise in AutoCAD software, enabling them to excel in mechanical design and drafting, and to foster innovation and creativity in engineering practices.

Mission:

1. Skill Development: To provide comprehensive training that enhances students' proficiency in using AutoCAD for various mechanical engineering applications.
2. Practical Knowledge: To bridge the gap between theoretical knowledge and practical implementation through hands-on training sessions.
3. Industry Relevance: To equip students with industry-standard skills that improves their employability and preparedness for real-world engineering challenges.
4. Innovation Encouragement: To inspire students to use AutoCAD as a tool for innovation and problem-solving in mechanical engineering.
5. Continuous Learning: To instill a commitment to continuous learning and staying updated with the latest advancements in AutoCAD and related technologies.

Training on Solid Works Software for Mechanical Engineering

Organized By: Department of mechanical Engineering

Date: 07-12-2020 to 12-12-2020

Time: 1:00PM to 4.00PM

No of Students: 98

Vision:

To be the leading provider of comprehensive and innovative SolidWorks training, empowering individuals and organizations to master design and engineering software, thereby driving technological advancements and fostering creativity in engineering and manufacturing industries.

Mission:

1. **Provide High-Quality Training:** Deliver top-notch, hands-on training in SolidWorks that meets industry standards and caters to various skill levels, from beginners to advanced users.
2. **Enhance Skill Development:** Equip learners with the necessary skills to proficiently use Solid Works for design, simulation, and manufacturing, ensuring they can effectively translate ideas into practical applications.
3. **Support Professional Growth:** Foster continuous professional development through ongoing learning opportunities, certifications, and access to the latest SolidWorks tools and resources.
4. **Promote Innovation:** Encourage innovative thinking and problem-solving by teaching advanced Solid Works features and best practices in design and engineering.
5. **Build Community:** Create a supportive and collaborative learning environment that connects learners, industry professionals, and experts to share knowledge, experiences, and best practices.
6. **Ensure Accessibility:** Make Solid Works training accessible to a diverse audience by offering flexible learning options, including online courses, in-person workshops, and tailored corporate training programs.

About the Program

The Department of Mechanical Engineering organized an Interactive training on “Solid Works” From 07-12-2020 to 12-12-2020 by **Prof. Supreet Mahadeokar**, Department of Mechanical Engineering.

OBJECTIVE

Solid Works is a computer-aided design (CAD) and computer-aided engineering (CAE) software used primarily for creating and managing complex 3D models and simulations. The key objectives of Solid Works are:

1. **Product Design and Development:** Facilitate the creation of detailed 3D models for parts and assemblies, enabling designers and engineers to develop innovative products.
2. **Simulation and Analysis:** Allow for the simulation and analysis of product designs under real-world conditions, helping to predict performance, durability, and manufacture

Benefit of Program:

SolidWorks training offers several benefits:

1. **Enhanced Job Prospects:** Proficiency in SolidWorks is highly valued in engineering and design industries, improving employability.
2. **Skill Development:** Students acquire essential skills in 3D modeling, simulation, and technical drawing.
3. **Industry Standard Software:** Learning a widely-used tool prepares students for real-world applications in various industries.
4. **Efficiency and Productivity:** Training teaches efficient design practices and automation techniques.
5. **Problem-Solving Abilities:** Hands-on projects enhance critical thinking and problem-solving skills.
6. **Certification Opportunities:** Training often prepares students for SolidWorks certification exams, validating their skills.
7. **Design Validation:** Ability to test and validate designs through simulations.
8. **Collaboration Skills:** Group projects improve teamwork and communication abilities.
9. **Cost-Effective Design:** Understanding of design for manufacturability helps create cost-efficient products.
10. **Portfolio Development:** Students can create a portfolio of projects showcasing their skills.
